

MUHAMMAD GHIFARI ZAKI

DATA ANALYST

ghifarizaki.ws@gmail.com | +6285746707681 | [LinkedIn](#) | [Github](#) | [Portofolio](#) | Surakarta, Indonesia

PROFILE

Computer Science graduate with a strong interest in data analytics and business intelligence. Skilled in Python, SQL, Microsoft Excel, and Power BI, with experience developing data-driven projects and interactive dashboards. Passionate about transforming raw data into actionable insights that support business decision-making.

TECHNICAL SKILLS

Data Analysis	SQL, Python (Pandas), Microsoft Excel
Visualization	Power BI, Matplotlib, Seaborn
Tools	Jupyter Notebook, Git, VS Code
Language	Indonesian (Native), English (Conversational)

PROJECT EXPERIENCE

Amazon India Sales Dashboard | Excel, Power BI May 2026

- Cleaned and transformed 128K+ records using Power Query in Excel, handling missing values and duplicates, then built interactive Power BI dashboard revealing 1.03bn INR total revenue with 14.21% cancellation rate
- Identified Maharashtra & Karnataka as top-performing regions contributing 30%+ of revenue, with Set & Kurta as best-selling categories and declining revenue trend from April - June 2022

Diabetes Risk Prediction Model | Python, Flask November 2025 - February 2026

- Built a machine learning model to predict early-stage diabetes risk using 48K+ health records (CDC dataset)
 - Handled class imbalance using SMOTE and evaluated models (Logistic Regression, Random Forest, XGBoost)
 - Achieved 75% recall and 83% ROC-AUC, optimizing model for health screening purposes
 - Performed feature selection and identified key risk factors (BMI, Age, General Health)
 - Deployed model into a Flask-based web app for real-time prediction
-

PROFESSIONAL EXPERIENCE

Quality Assurance Intern / Software Tester Intern Mar 2025 – May 2025

PT Tiga Serangkai Pustaka Mandiri | Surakarta

- Analyzed business processes and system workflows to identify inefficiencies and improvement opportunities
- Created workflow diagrams, user stories, and documentation to support both technical and non-technical stakeholders
- Developed and executed test scenarios to validate system functionality and ensure data accuracy
- Collaborated with cross-functional teams to align system outputs with business requirements

Web Developer (Freelance) August 2024

Client Project

- Developed a responsive company profile website by translating client requirements into functional web solutions with user-centric design
-

EDUCATION

Bachelor of Computer Science

Muhammadiyah University of Surakarta

Graduated 2026

- GPA : 3.51 / 4.00
